

SAIMM members honoured as Top Scholars in South Africa

Twenty-nine of the country's leading scholars and scientists were inaugurated as Members of the Academy of Science of South Africa (ASSAf) at the annual Awards Ceremony on 19 October 2022.

As the official Academy of South Africa, ASSAf has as core function to honour the country's most outstanding scholars by electing them to Membership of the Academy. ASSAf Members are drawn from the full spectrum of disciplines.

New Members are elected each year by the full existing Membership. Membership of the Academy is a great honour and is in recognition of scholarly achievement. Members are the core asset of the Academy and give of their time and expertise voluntarily in the service of society.

The 29 new ASSAf Members bring the total Membership of ASSAf to 659.

The **SAIMM** is proud to announce that two of the new members are Prof Rodney Jones, a Past President (2015-2016) and a Fellow of the SAIMM, and Prof Aubrey Mainza, a Member of the SAIMM.
