

Erratum

In the articles 'Approach to the diagnosis and management of snakebite envenomation in South Africa in humans: Special patient groups and surgical aspects', which appeared on pp. 1250 - 1255 of the July issue of *SAMJ*, and 'Approach to the diagnosis and management of snakebite envenomation in South Africa in humans: The hospital phase – emergency unit general principles', which appeared on pp. 1192 - 1198 of the July issue of *SAMJ*, there was an error in the figures (Fig. 1C of the first, and Fig. 2 of the second). Under 'antivenom administration', in the column 'B syndrome haemotoxic venom', row 'Starting dose of antivenom IV', in the box 'Boom slang, vine snake 20 ml', 'vine snake' should be deleted.

The online versions of the articles (<https://doi.org/10.7196/SAMJ.2023.v113i6.1037> and <https://doi.org/10.7196/SAMJ.2023.v113i6.1038>) will be updated shortly.

SAMA ANNUAL CONFERENCE 2024

THEME TOWARDS STRENGTHENING HEALTH SYSTEMS

It is the first time the SAMA Conference is being held face to face since the COVID-19 pandemic. We request our members and key stakeholders to join us, as we seek to strengthen health systems for the health of our nation.

Further details to follow

The banner features a background image of a person in a white lab coat with a blue stethoscope. Overlaid on the image are various medical icons: a large white cross, a heart, a microscope, a syringe, a pill, a DNA helix, and a brain. The text is arranged in a clear, hierarchical layout with a yellow and blue color scheme.
