In the version of this article initially published, Giddy J, Donkin A, Rodseth R. (2025), '*Gender-affirming healthcare*' is not what the family physician needs to know (<https://doi.org/10.4102/safp.v67i1.6061>)¹, the disclosure statements required updating. Following post-publication review, the disclosure statements have been amended to clarify the authors' affiliations and funding.

The amended Competing Interest, Authors' Contributions, and Funding Information statements appear below.

Competing interest

Instead of:

The authors declare that they have no financial or personal relationships that may have inappropriately influenced them in writing this article.

It should be:

The authors, Janet Giddy, Allan Donkin, and Reitze Rodseth, are members of First Do No Harm Southern Africa. This is a non-financial affiliation. The authors declare no other competing interests relevant to this commentary.

Authors' contributions

Instead of:

J.G., A.D., and R.R. contributed to writing, reviewing and editing.

It should be:

All authors contributed to the conception and development of the article, drafted and critically reviewed the manuscript, and approved the final version for submission and publication.

Funding information

Instead of:

The only funding received was from the University of KwaZulu-Natal for publication.

It should be:

The article processing charges were covered by Reitze Rodseth's research publication cost centre at the University of KwaZulu-Natal. The authors received no other financial support for the research, authorship, or publication of this article and have no financial relationships that may have inappropriately influenced the article.
